ON THE COVER

Drawing for the March for Parks'96 art contest by *Luda Shumakova*, 12 years old.

The Biodiversity Conservation Center is a Russian non-profit, non-governmental organization aiming to preserve the biological diversity of Northern Eurasia. BCC's programs help to conserve wilderness, endangered species and ecosystems, promote public environmental education, and assist other nature conservation groups to achieve these goals.

Russian Conservation News is produced with support from the John D. and Catherine T. MacArthur Foundation, Weeden Foundation, USAID/ISAR, the Echoing Green Foundation, and the Pocono Environmental Education Center.
