The Biodiversity Conservation Center, Russia & the Center for Russian Nature Conservation, US

*Russian Conservation News* is produced with support from the Weeden Foundation, the Turner Foundation, the John D. and Catherine T. MacArthur Foundation, anonymous donors and the Pocono Environmental Education Center.

The Biodiversity Conservation Center is a Russian non-profit, non-governmental organization aiming to preserve the biological diversity of Northern Eurasia. BCC's programs help to conserve wilderness, endangered species and ecosystems, promote public environmental education, and assist other nature conservation groups to achieve these goals.

The Center for Russian Nature Conservation, (a project of the Tides Foundation), assists nature conservation efforts in Northern Eurasia through information exchange, facilitation of professional exchanges, and assistance with fundraising for partner organizations.
